According to him, the meeting examined the proposal on “Globacom Special Offer of Postpaid/Contract lines for Civil Servants” which is similar to the service currently being provided by Starcomms. The comparison between the Glo package with that of Starcomms is as follows:

4.	Monthly Cost	₦1,000.00	₦1,000.00
5.	Coverage Area	Only cities covered by network	Very wide (all GSM coverage areas)
6.	Desktop Support	Definite	Uncertain

9.	IDD Rates	₦12/min	₦39/min

The Telephone Committee is of the opinion that for intra and inter Campus communication, Starcomms option is better. **The Committee recommended that the Glo CUG could be considered as a second (optional) network because of the wider area coverage.**

After careful consideration, Management approved the recommendation that the proposal by the Glo CUG should be published in the University Official Bulletin for the consideration of interested member of staff to apply through the Telephone Office.
