

STUDENTS REGISTRATION VOUCHER/PIN

The University Management has noted with dismay the incessant reports and frequent requests for replacement of loss of voucher/PIN by students.

Management has therefore decided that there will be no replacement of Voucher/PIN by students.

For this reason, students of Lagos State University are hereby advised to **duplicate their registration Voucher/PIN** immediately after collection of payment **Voucher** from the banks.

The duplication of such Voucher/PIN by student becomes very necessary because it will be difficult to verify the genuineness of claims on loss of registration **Voucher/PIN**.

Students should heed the warning in their own interest because there shall be no replacement of registration **Voucher/PIN**.
