1. CISCO CERTIFIED NETWORK ADMINISTRATOR (EXPLORATION)

The Networking Academy program employs an e-learning model, using a combination of web-based, instructor-led learning and hands-on labs to teach high school, college and adult students how to design, build and maintain computer networks of local, national and global businesses.

Through the Academy program, students learn fundamental networking concepts and have a chance to apply their new skills in the 'real world' workplace via Cisco's Work-Based Learning program. This program matches Cisco partners and customers with Academy graduates for internship and mentoring opportunities.

Admission Requirements:

- * Basic knowledge of Mathematics and English is mandatory
- * High school or vocational certificate
- * Previous Networking know-how not required

Course Fee:	LASU STUDENTS:	₦80, 000.00
