MISPLACEMENT OF VOUCHERS.**

The attention of the University Management has been drawn to reported cases of loss or misplacement of vouchers/scratch cards by students of the University as well as illegal registration.

All students, especially freshers, are hereby advised to be very careful and tenaciously guard against misplacement of their vouchers which are taken as evidence of payment of school fees.

Consequently, students are hereby warned that the University Management will not be liable for loss or misplacement of vouchers/scratch cards.

The University Management will also not entertain any frivolous claim or complaints on loss or misplacement of vouchers.

Any student who registers with illegal voucher or without payment of school fees will be dismissed from the University
